Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: The reason I use this pharmacy
is because; I can use natural products.
The other thing is that they have some
system; which my insurance will pay
for. Otherwise, I have to pay the complete
cost out of my own pocket. I really appreciate
this service & they are fast. They always
answer any questions that I have & are so
helpful. Why, should it matter where we get
our ~~our~~ prescriptions. It's not illegal. It
seems if a service can help people; then you
would want to keep that service open. Instead,
of closing it down & costing us more money.
Please, consider the consumer's side of this. I
guess it might cause businesses like these to close
down. Another business & more people out of a
job! Is that what you want?

Please fold, seal, and mail by June 1
